## training level 4 DIFFERENT GROUPS

We know that when you're cycling it isn't great to be left behind or to have to wait for those who aren't as fit as you either! That's why we always guarantee 3 or 4 groups for different preparation levels each with a maximum of 15/20 cyclists. Cyclists can thus choose the right group for them, ensuring everyone gets the most fun from this great sport.

**"CAPPUCCINO LIGHT" GROUP:** Itineraries of 65/75 km per day, average speed 17-19 km/h (former Borghi e Castellì group). For cyclists who are not so well-trained, who love enjoying climbs at a lower and less intensive speed. The distances are shorter and the speed is moderate.

**"CAPPUCCINO" GROUP:** Itineraries of 80/100 km per day, average speed 20-22 km/h. For cyclists who not only love to cycle, but also to enjoy nature and landscapes. Recommended for fairly well-trained cyclists.

**"CAPPUCCINO SUPER" GROUP:** Driven by the same philosophy as the Cappuccino group, but a little more "sporty". The same distance is covered, but at an average speed of 23-25 km/h. Recommended for well-trained cyclists.

**"LIMONCINO" GROUP:** Itineraries of 90/120 km per day, average speed 26-28 km/h. For cyclists who love a challenge and want to suffer a little. Designed for sports enthusiasts or well-trained cyclists who have already covered between 2,000 and 2,500 km and want to really enjoy some of our great climbs.

## TUESDAY: A SPECIAL DAY

Once again this year, we have included 2 "Grand Tours" in our twice-weekly programmes; two challenges covering beautiful yet demanding routes that take place each week, every Tuesday; "Monti delle Cesane", which covers 143 km, and "Lago di Soanoe e Cippo" covering 135 km. Here's the first:

### "MONTI DELLE CESANE" km 143

Nature, forests, breathtaking landscapes and a wild habitat are the characteristics of the new itinerary that crosses the region of the Marche.

After Montefiore and Tavoleto, it takes us to Urbino where a long stretch begins that climbs and descends the Monti delle Cesane, a road surrounded by lush greenery with majestic maritime pine trees, cypresses and firs. In 2009, the Giro d'Italia came through here.

After a short stop at the top to enjoy the magnificent views of the Furla gorge we go down a steep, but safe descent to Fossombrone.

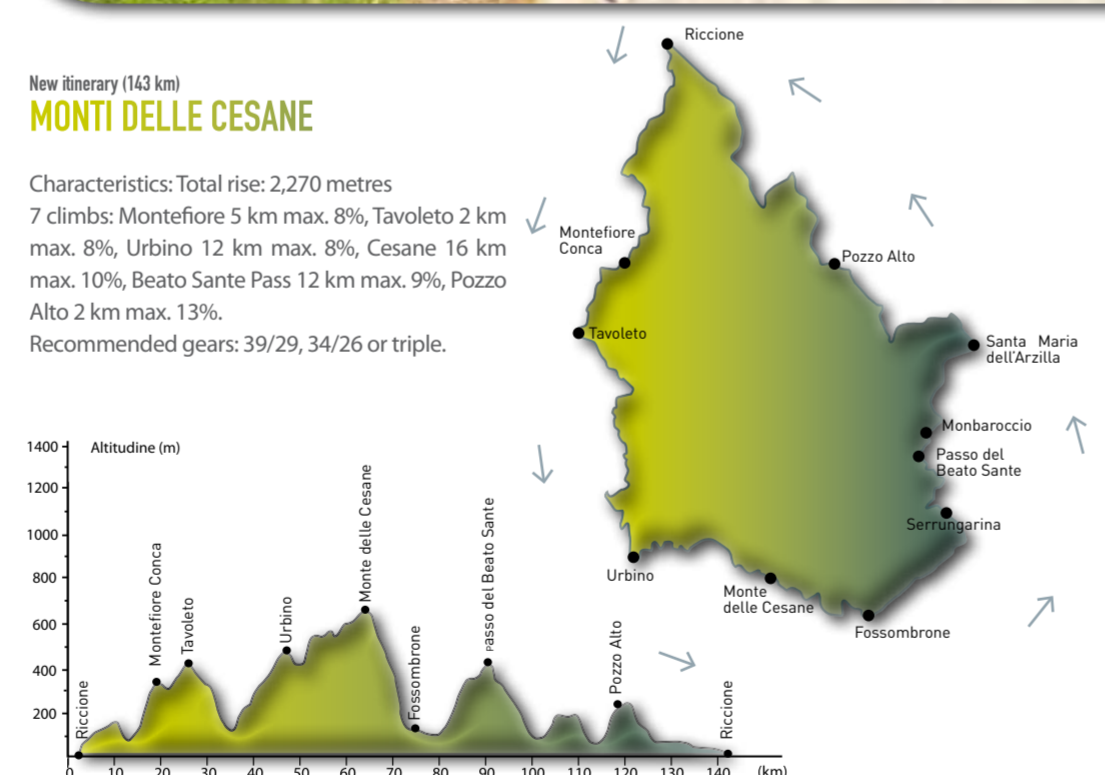

We will then tackle a climb that has never been attempted before and will lead us from Serrungarina to Mombaroccio after having climbed the Beato Sante Pass, a wonderful traffic-free road in wild and sparsely inhabited surroundings.

There's another short stop and a demanding climb to Pozzo Alto before returning home.

## MONTE CATRIA

New itinerary (143 km)  
Characteristics: Total rise: 2,270 metres  
7 climbs: Montefiore 5 km max. 8%, Tavoleto 2 km max. 8%, Urbino 12 km max. 8%, Cesane 16 km max. 10%, Beato Sante Pass 12 km max. 9%, Pozzo Alto 2 km max. 13%.  
Recommended gears: 39/29, 34/26 or triple.

## for those who love a challenge: 210 km MONTE CATRIA

THURSDAY 10<sup>TH</sup> MAY AND THURSDAY 20<sup>TH</sup> SEPTEMBER

When cyclists have a higher level of training, we like to offer them even more fascinating and demanding excursions. This year's itinerary is splendid and crosses the Marche region. After having faced the first important climbs to reach Tavoleto and Urbino and crossed the suggestive Furlo Pass, we will tackle Mount Catria (1,700 m) on the Buonconsiglio side, the most demanding climb (12 km) with slopes of 14/15%, but only in the central part. The landscape is breathtaking and we will also cross the Castle of Frontone and the monastery of Fonte Avellana. Then we descend towards Chiaserna, designed for "real descent lovers". A minibus provides assistance and a mechanic service is also offered. Participation is reserved for well-trained cyclists (Limoncino group).

## all the news, emotions and events ON FACEBOOK

Each year Riccione and our territory host numerous leading cycling events; suffice to think how many times the Giro d'Italia has been through here, the Nove Colli and Coppi e Bartali races and the numerous professional teams who come here to train and with whom it is always exciting to cycle. Stelvio, Dolomites, where will go the next summer? Become our fan on Facebook to ensure you are always kept up-to-date in real time.

## wellness, pampering and RELAXATION

Wellness, warmth, relaxation and harmony of the mind and body. All this and much more at our "AQUA Wellness Area" centre. Essential sensations for those who love active holidays and want to find renewed balance and energy. We offer a sauna, Turkish bath, whirlpool tubs and pools, grottoes, waterfalls and geysers.

## special TRIATHLON

As well as services and facilities for cyclists, we also offer lots of additional facilities for tri-athletes:  
>> Free daily entrance to Riccione Municipal Swimming Pool and reserved lanes on request.  
>> A 9-seater minibus available.  
>> Reserved lanes on the athletics track.  
>> Bathrobe service.

## for real gourmets... GRAN DINNER BUFFET

The cuisine at the Hotel Dory offers fragrant bread, pasta and homemade ice-cream and desserts, as well as produce from our vegetable garden and appointments with traditional products. Every week we serve a "typical Romagna-style dinner" and also offer "A Grand Buffet Dinner" with over 20 different dishes every day, great service, quality and a fantastic choice.

## "a place to be" in Riccione D - PLACE

"D" like "Dory" with the same style and hospitality. A new hotel that stands just behind the Hotel Dory and is linked to it. D-Place, the first All-Suite Hotel in the heart of Riccione, features 20 D-Suites with separate rooms, bedroom and lounge with kitchenette. Other facilities include the D-Bar & Lounge, "a place to live", a unique place where guests can dine, read, work or just chat. And naturally... it offers the same exclusive facilities as the Hotel Dory.

## our pride and joy A GREAT TEAM OF GUIDES!

They're still the same and after all these years, they're still our pride and joy! They offer so much experience and safety and know the territory and above all, many new and traffic-free roads like the back of their hands! Their aim is to train you, guide you, encourage you and above all, to ensure you spend a wonderful and unforgettable week with us.
